

Advances in Treating Onychomycosis (Nail Fungus)

Key Opinion Leader Breakfast

Hosted by Moberg Pharma (Nasdaq OMX: MOB.ST)

The meeting will feature a keynote presentation by KOL **Aditya K. Gupta, MD, PhD, MBA** (University of Toronto), who will provide an overview of the onychomycosis market and discuss current and novel approaches to treatment.

Members of the Moberg management team will provide an overview of the Company's ongoing development work with **MOB-015**, a topical formulation of terbinafine using the same nail-penetrating platform technology as Moberg's leading OTC product Kerasal Nail®. Patient enrollment is currently ongoing in North America and Europe for the Phase 3 program investigating MOB-015 for the treatment of onychomycosis.
